

Smart Thermostat Incentive

Qualifying Products List November 1st, 2021

Requirements for Smart Thermostat Incentive:

- The smart thermostat must be installed to use with the home's primary heating source for the home's living space:
 - Homes with natural gas furnace: must be a customer of participating natural gas and electric utilities.
 - Homes with natural gas boiler: must be a customer of a participating natural gas utility.
 - Homes with an air-source heat pump: must be a customer of a participating electric utility.
 - Homes heated by liquid petroleum gas or a geothermal heat pump are not eligible.
- You must be a customer of a [FOCUS ON ENERGY® participating utility](#).
- The smart thermostat must:
 - Replace an existing thermostat that does not qualify for program rewards.
 - Be Wi-Fi capable.
 - Be connected to the internet.
 - Offer the above features without additional devices.
 - Be ENERGY STAR® Certified.
- Application must be completed within 60 days of purchase
- There is a limit of one incentive per home heating system and of two per household. The thermostat must be connected to your home's primary heating source.

Smart Thermostat Incentive - \$75*

- *For a limited time from Nov. 1 to Dec. 31, 2021 get an additional \$25 off the \$50 discount, for a total discount of \$75.
- All eligible models are listed below
