

BOILER TUNE-UPS

For school and government customers

Keep your facility's space heating equipment running at its highest efficiency by performing regular maintenance and tune-ups. Stay up to date on preventative maintenance such as:

- Cleaning burner units, combustions chamber, and boiler tubes
- Sealing/resealing the combustion chamber
- Recalibrating the boiler and checking the combustion air-to-fuel ratio

Get your boiler tuned up today and receive an incentive of **\$0.05 per MBh input**. Start enjoying the improved comfort and control of your facility this heating season.

Enrollment process

1. Confirm your natural gas utility participates in FOCUS ON ENERGY® at focusonenergy.com/utilities.
2. Choose a registered Trade Ally to perform the boiler tune-up by visiting focusonenergy.com/trade-ally/find.
3. Complete a separate 2022 Boiler Tune-Up Application for each unique job site, including service date of each boiler tune-up.
4. Submit the completed application with a copy of an itemized invoice(s) or service contract and combustion efficiency report.
 - Focus on Energy will provide an incentive for boiler tune-ups that are a part of service contracts if the service contract states "an incentive from Focus on Energy for the boiler tune-ups will be paid to the customer."
 - Any incentive paid by Focus on Energy for boiler tune-ups must either be paid to or passed on to the customer.
 - The service contract will be accepted in lieu of an itemized boiler tune-up invoice.
5. The application will be reviewed and the incentive payment will be issued upon approval.

REDUCING ENERGY WASTE ACROSS WISCONSIN

Focus on Energy, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources, and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.

SECTION 7

INCENTIVE PRODUCT INFORMATION

Requirements:

- The Trade Ally must perform a combustion efficiency test after the tune-up and complete the checklist below for each boiler.
- If multiple boilers are serviced on the same site, list the number of boilers and total MBh. A separate application is required for each unique job site.
- Submit copies of the combustion efficiency report which clearly show the after efficiency with the application.
- Incentive = \$0.05/MBh Input.
- Incentives are capped at 100% of tune-up cost.
- Incentive Product Information Sheet at focusenergy.com/applications if additional lines are needed.

SECTION 8

CUSTOMER SIGNATURE

I, the undersigned Customer, agree the stated energy-efficiency measure(s) was (were) installed at the job site address listed above as part of the Focus on Energy Program. I have read and agreed to the provisions set forth herein and to the Terms and Conditions posted at focusenergy.com/terms. I understand Focus on Energy may revise these Terms and Conditions at any time, and I will not be notified in the event changes are made. To the best of my knowledge, the statements made on this application are complete, true and correct, and I have submitted the appropriate supporting documentation to receive an incentive.

If the Customer is identified as the Payee in Section 5, the following certifications are required for this form to substitute for the Internal Revenue Service (IRS) form W-9. Under penalty of perjury, I certify that:

- The number shown on this form is the correct taxpayer identification number.
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the IRS that I am subject to backup withholding as a result of failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding.
- I am a U.S. person.

The IRS does not require my consent to any provision of this document other than the certifications required to avoid backup withholding.

CUSTOMER SIGNATURE _____ NAME (PRINT) _____ DATE _____

Submit applications to:

MAIL: Focus on Energy
725 W. Park Avenue
Chippewa Falls, WI 54729

E-MAIL: business@focusenergy.com

*Incentive may be adjusted based on project caps. See measure requirements and Terms and Conditions for more information.

INFORMATION AND REQUIREMENTS

NEED HELP? Call 888.623.2146

Before you start your project, make sure you are familiar with participation requirements, program information, and Terms and Conditions.

General Terms and Conditions

Review the Focus on Energy Terms and Conditions at focusenergy.com/terms or call 800.762.7077 to request a copy.

Incentive Limits

Incentives are limited to \$300,000 per project and \$400,000 per customer per calendar year for all Focus on Energy incentives (prescriptive and custom).

Depending on the business tax classification of the payee, the entity receiving the incentive payment may receive IRS form 1099 for incentives totaling over \$600 in a calendar year.

Trade Ally Information

A Trade Ally represents the company who provided/installed the equipment for a project or performed the service for which a Customer is seeking an incentive. Trade Allies who have signed an agreement with Focus on Energy are allowed to enjoy certain program benefits, one of which is to receive direct payment of incentives at the Trade Ally's request. Incentives can only be paid directly to a registered Trade Ally who has a W-9 on file with Focus on Energy. For more information on becoming a registered Trade Ally, visit focusenergy.com/tradeally.

The Federal Employer Identification Number (FEIN) and Business Classification of the Trade Ally is required IF the incentive is paid directly to the Trade Ally. In this scenario, the credit must be clearly labeled as the Focus on Energy incentive and deducted from the amount due on the Customer's invoice.

If your project was completed by more than one Trade Ally (example, equipment was purchased from one Trade Ally but installed by another Trade Ally) and the incentive is being paid to you the Customer, enter the information of the Trade Ally who installed your equipment in Section 4: Trade Ally Information. If the equipment was self-installed, enter the information of the Trade Ally from whom you purchased the equipment.

Assignment of Incentives to Other Payee

The Customer for the project site listed on the application may assign their right to participate and receive incentives to Other Payee. The Customer must sign Section 8 and identify the Other Payee in Section 5.
