

# RESOURCES FOR SCHOOL & GOVERNMENT FACILITIES

School and government facilities make up thousands of buildings across Wisconsin and are among the state's largest energy consumers. FOCUS ON ENERGY® has a variety of resources to aid in your energy efficiency efforts. Get started by contacting your Energy Advisor and learn more about the benefits Focus on Energy has to offer.

## Expert Energy Advisor Support

Utilize expertise from Energy Advisors equipped with industry knowledge and best practices, allowing you to focus on other priorities.

## Energy Team Coordination

Receive support for your energy team from a non-biased third party. For more resources, review the Energy Team Toolkit.

## Supporting Energy Education

Accept support for your continued energy education in the classroom or at home. Contact the K-12 Energy Education Program (KEEP).

## Improving Return on Investment

Reduce your investment's overall cost by applying for incentives on your energy efficiency project. Work with your Energy Advisor early to determine if your project qualifies and estimate your return on investment.

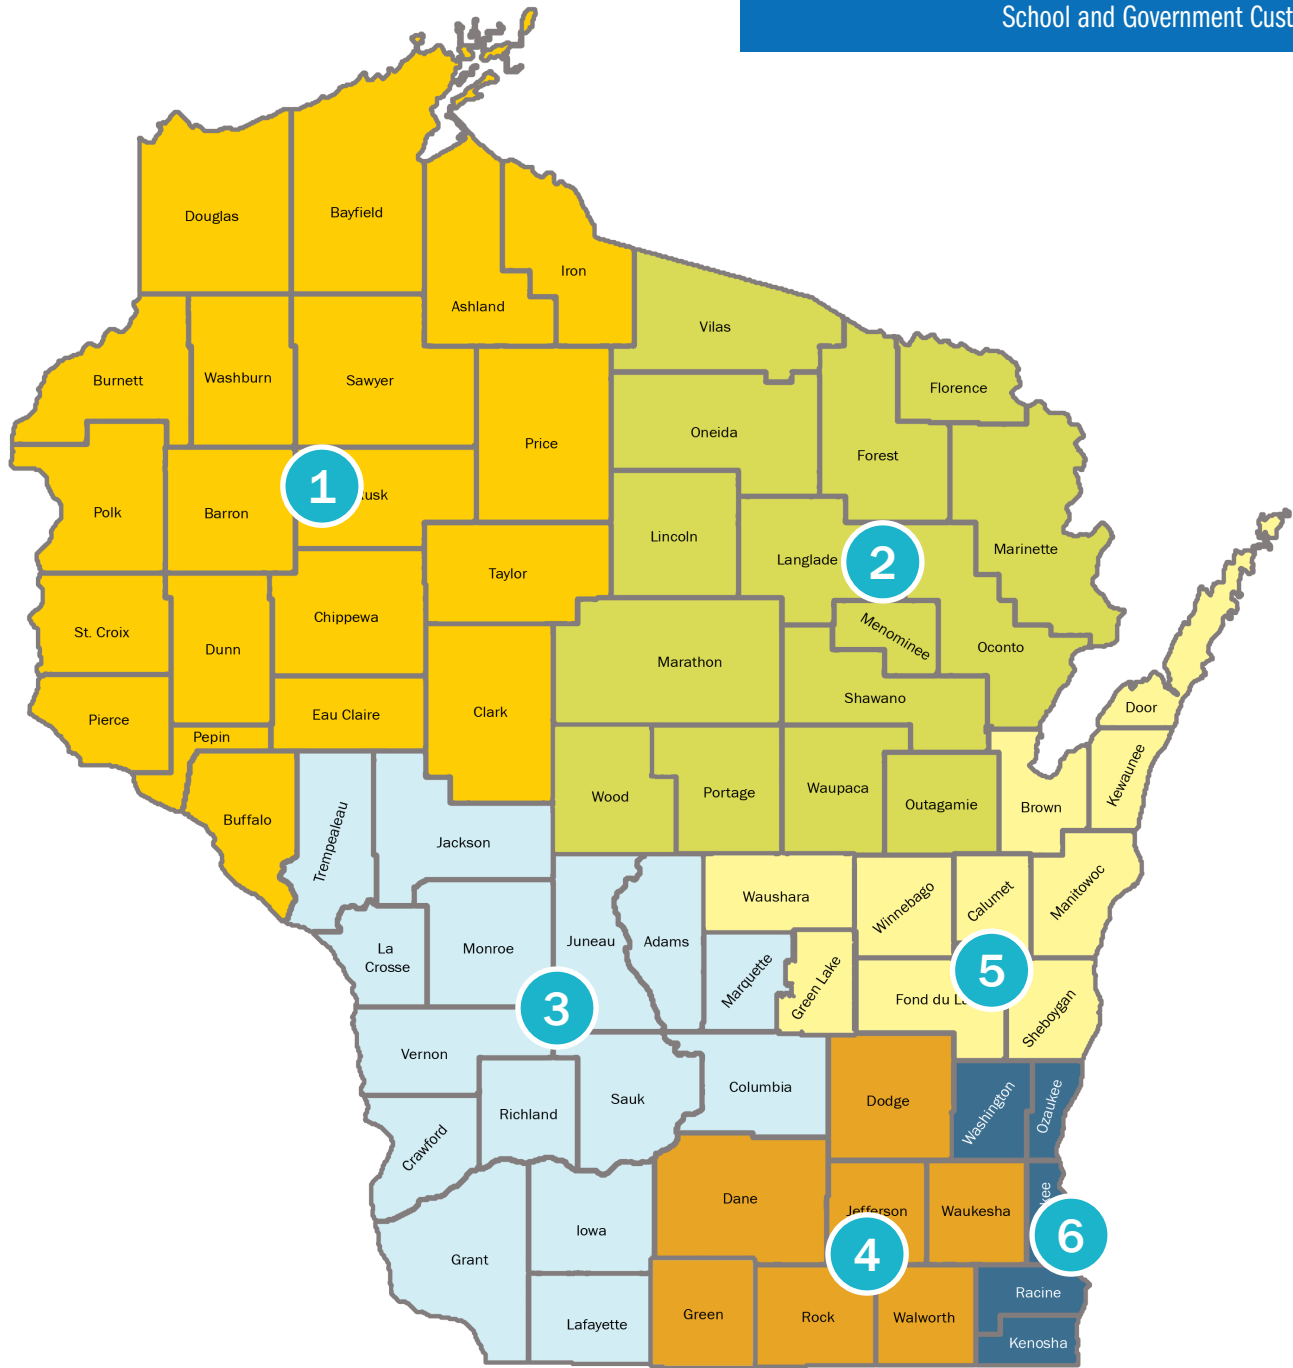

## Training Facility Staff

Encourage your staff to attend training and education courses such as Practical Energy Management. Explore the range of courses Focus on Energy has to offer by visiting [focusonenergy.com/training](https://focusonenergy.com/training).

**REDUCING ENERGY WASTE ACROSS WISCONSIN**

Focus on Energy, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources, and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.
