

FOCUS ON TRIBAL COMMUNITIES

FOCUS ON ENERGY® has offerings to aid in the planning and development of upcoming projects for your tribal community. If you need help identifying a project, making an energy plan, getting your community involved, or securing funding, then Focus on Energy can help. For a complete list of offerings, visit focusonenergy.com/tribes.

Identify a Project

Project Development Incentive - Perform a feasibility study for energy efficiency or renewable energy projects and receive up to \$15,000 or 75% of study costs if completed by June 30, 2022. Studies completed after June 30 are eligible for up to \$10,000 in financial incentives.

Make an Energy Plan

Comprehensive Planning RFP - A funding opportunity to identify energy-saving goals and create a community energy plan to achieve them. Visit focusonenergy.com/tribes to learn more.

Get your Community Involved

Host a Pop-Up Event - Partner with Focus on Energy to provide your community with discounted energy efficiency products as part of a virtual pop-up event. [Click here](#) to view discounted products and to schedule your event today.

Apply for Financial Incentives

Enhanced Project Planning Bonus - Meet with your Energy Advisor to finalize a project list by May 1, 2022, and be eligible for a 100% bonus for the first \$5,000 in project incentives, followed by a 25% bonus on all other projects completed by December 10, 2022.

Prescriptive and Custom Incentives - Reduce your energy efficiency project's overall cost by applying for financial incentives. Work with your Energy Advisor to determine if your project needs preapproval.

Custom Project Incentive Bonus - Earn up to \$20,000 in additional custom incentives for projects completed by November 30, 2022. Pre-approved required by June 30, 2022.

Competitive Incentive RFP - An opportunity for tribal businesses to receive additional financial support to make their next energy-efficient project a reality. Incentives will be awarded based on demonstrated financial need, cost-effectiveness, and energy savings.

Contact your [Energy Advisor](#) today to learn how your community can achieve its energy-saving goals.

REDUCING ENERGY WASTE ACROSS WISCONSIN

Focus on Energy, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources, and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.
