

2022 GEOTHERMAL REBATE APPLICATION

Scan to go to
online application.

Complete this application for equipments purchased and installed in 2022.

Step 1: Complete Installation.

Work with your contractor to schedule and complete your geothermal installation. Please ensure the equipment meets requirements listed on page two.

Step 2: Complete Your Application.

Incomplete or missing information will delay processing.

Required Documentation:

- A copy of your invoice for installation of a geothermal equipment.
- Confirm that your equipment meets the qualifications listed on page two.

Step 3: Submit Paperwork.

Submit your application **within 60 days of the equipment installation** along with supporting documentation.

FOCUS ON ENERGY® rebates are limited and are subject to change without notice. Allow 8-10 weeks for processing. Visit focusenergy.com/terms for program terms and conditions.

Geothermal Heat Pump Equipment Requirements

Geothermal Heat Pump Equipment with Electric, Oil, LP Backup: \$750

- Limited to customers of participating electric utilities.

Geothermal Heat Pump Equipment with Natural Gas backup: \$1,000

- Limited to customers of participating natural gas and electric utilities.

Geothermal Heat Pump Requirements:

- Equipment must have a coefficient of performance (COP) equal to or greater than:
 - 3.6 for a Water-to-Air Equipment
 - 3.1 for a Water-to-Water Equipment
 - 3.6 for a Direct Ground Exchange (DGX)
- Equipment must have an energy efficiency ratio (EER) rating equal to or greater than:
 - 17.1 for a Water-to-Air Equipment
 - 16.1 for a Water-to-Water Equipment
 - 16.0 for a Direct Ground Exchange (DGX)
- Large commercial (i.e., three-phase) units are ineligible under this application. Contact Focus on Energy for more information.
- A Pre-Qualified Equipment List is available at focusonenergy.com/geothermal.
- Installed equipments must include an air cooling option.
- Equipment must be the primary heating and cooling source for the site.
- Rebate cannot exceed cost to customer.
- Equipment must be purchased new. Resale equipment, new parts installed in existing equipment, or equipment that is rebuilt, rented, received from insurance claims, received from a warranty, or won as a prize does not qualify.
- Equipment must be installed by a qualified contractor.
- Rebates paid on this application cannot be claimed on another Focus on Energy application. Similarly, rebates can only be paid to one person or entity.
